

The Story of the

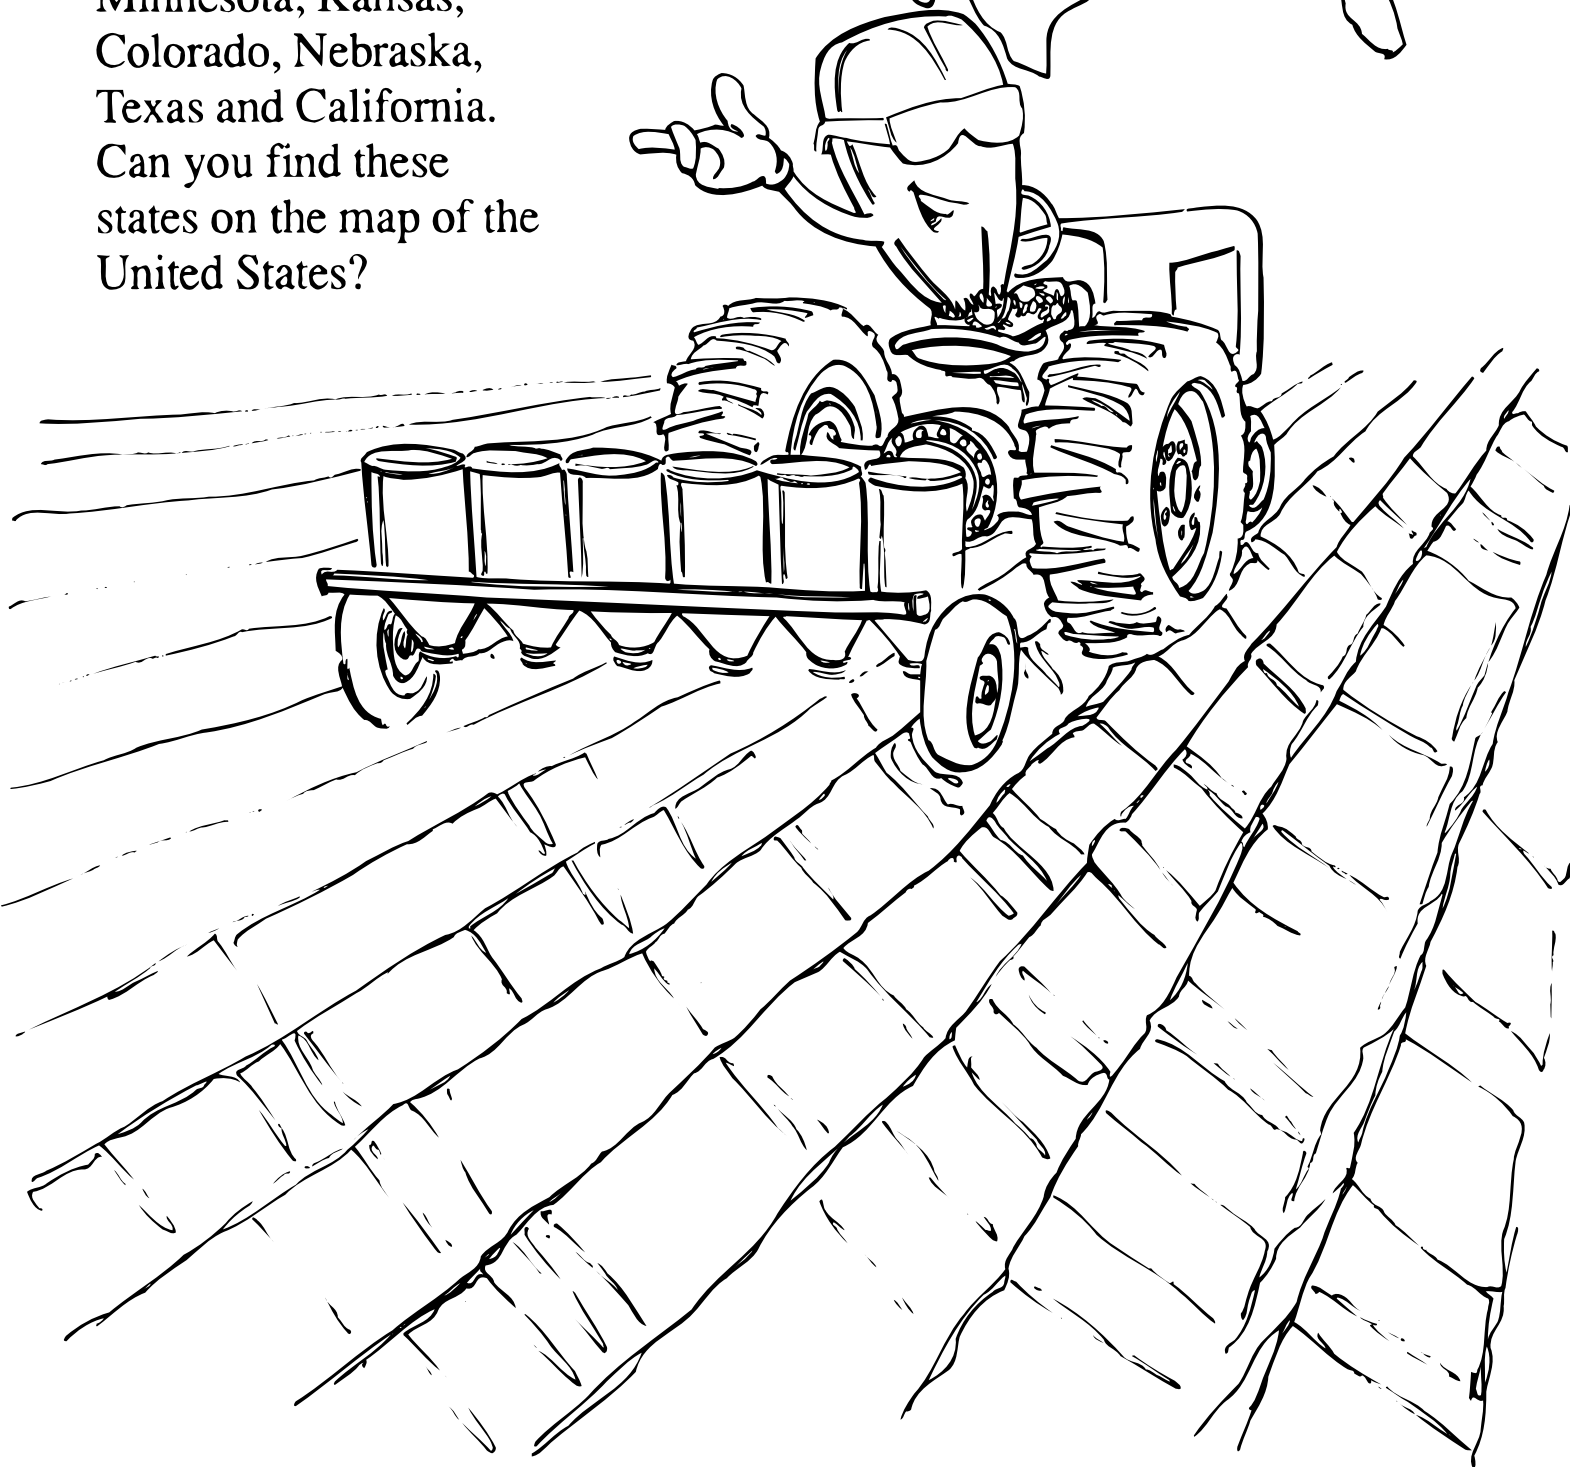

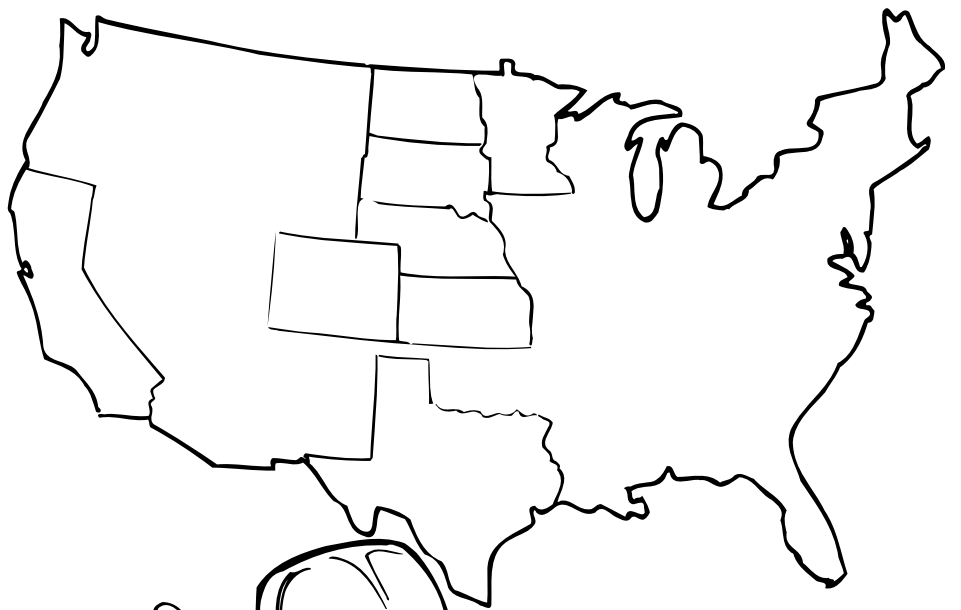

SUNFLOWER

Introducing...

**Sunny
Sunseed**

Sunflowers are planted
in May in North
Dakota, South Dakota,
Minnesota, Kansas,
Colorado, Nebraska,
Texas and California.
Can you find these
states on the map of the
United States?

Sunflowers grow quickly.

Sunflowers turn to follow the sun until they bloom.

Sunflowers
grow deep
roots...
They can
be as deep
as 9 feet!

By fall, sunflowers have dried and turned brown and are ready to harvest. There are 2 kinds of sunflowers – striped and black.
